

Service Menu

Mini Service— £20

Recommended whenever your mates fail to adjust your brakes and gears.

- Check and adjust brakes and gears.
- £20 covers the labour costs only.

Basic Service – £40

Recommended for a lightly used bike or before a longer ride, sportive or even a race.

- Checked and adjusted brakes and gears.
- Checked and inflated tyres.
- Checked/tightened all nuts and bolts.
- Lubricated chain
- £40 covers the labour costs only. Any parts required will be added to the final bill.

Standard Service – £60

Recommended every 6 to 12 months to keep you going for at least two more seasons.

Same as Basic Service, plus:

- Checked and externally adjusted hubs, headset and bottom bracket.
- Replaced brake pads (if required).
- Lubricated cables (replaced if required).
- New chain and cassette fitted (if required).
- Lubricated chain and derailleurs.
- Checked/tightened all nuts and bolts.
- Test ride.
- £60 covers the labour cost only. Any parts required will be added to the final bill.

Deluxe Service – £110

Recommended every 12 to 18 months or when things start to go very bad.

Same as Standard Service, plus

- Complete strip down, clean and rebuild including headset, bottom bracket and hubs (excludes suspension forks & shocks).
- Wheels trued & tensioned.
- £110 covers the labour cost only. Any parts fitted will be added to the final bill.
