# BoomBike: what's inside the box?

## Amplifier

Bridged outputs 2 x 200W RMS @ 4ohms.

## Tweeter

5" Tweeter 150W per stereo channel.

## Woofers

10" Woofer 150W per stereo channel.

## Subwoofer Amplifier

Bridged 150W RMS.

## Subwoofers

2 x 12" subwoofer speakers 150W each, wired in parallel for mono output.

## Battery power

On board, a 12Amps Charger, charging two mismatched lead acid batteries via a split charge relay to prevent the batteries discharging into each other.

## Speaker boxes

Speaker boxes made from 18mm WBP plywood; joints doweled, glued, and edge sealed internally for air tightness.

## Accessories

1 microphone

1 mixer deck

## Transport

The BoomBike kit is mounted on the front flatbed of a Bullitt cargo bike.

## Please Note:

In order to meet operational requirements, to ensure safe operation, and to introduce improvements and enhancements, Manchester Bike Hire reserves the right to amend the specification of BoomBike at any time.
